

Jake for Welfare!

This woman wants to look after cats:

I want to look after Catz.

I've been really privileged to get to know some of the nicest people I've ever met here, and that's largely down to the open and friendly atmosphere we're so famous for. The Welfare team have a huge role to play in creating that; so I would love to continue that work for you, as well as bringing some new ideas to the table.

Always focused

Always friendly

and friendly atmosphere we're so famous for. The Welfare team have a huge role to play in creating that; so I would love to continue that work for you, as well as bringing some new ideas to the table.

Why I'm a great candidate:

- At my Sixth Form I was House Captain, which was essentially a position analogous to Welfare.
- Since the start of my time in Oxford I've tried my best to have a positive impact on the lives of those around me. I joined the YELPstudents team - a group of Oxford students who both tutor and mentor pupils from local schools.
- I committed time to this every week alongside Mods, which shows I have the dedication and time management skills necessary.

Amongst other things, I intend to:

1. **Bring Welfare to you** on a fortnightly basis, providing peace, love and donuts to anyone who emails the team with worries and problems. This would give you the Welfare support you want from the comfort of your own room! This has the potential to greatly improve Welfare support for those under exam stress.
2. **Improve the distribution of contraception.** Something as important as contraception should be provided in a way that everyone is comfortable with. I suggest directing contraception requests to the Peer Support email address rather than personal ones to add a further degree of anonymity.
3. **Start Music Welfare!** Sometimes all it takes to get you back on your feet is a great music sesh, be it a listen or a jam, and as a massive music fan I'm eager to bring this power to the great work that the team already does.
4. **Provide food at Entz.** Following a great suggestion by Joss and Indi, I see this as an opportunity for Welfare to make sure everyone's Entz' end happily, helping the Entz reps so that not every night ends with a drunken walk into town for a Hassan's.

Always willing to take a chance

Always... I don't even know.

I know and really appreciate that Nat and Kirstie have done an excellent job this year, and I'm keen to build upon this, so I hope you'll give me the opportunity!
