

Clubs and Socs Rep Stephanie Austera

I'm a 1st Year Law student who **LOVES** clubs and socs at Catz! I may have only been here for 2 full terms but I have **EMBRACED** many things that Catz and the wider University has to offer and would love to help and encourage others to do the same. It's safe to say I have an eclectic mix of memorable moments so far: playing college tennis and netball, singing in the Carol concert, trying (!) to row, playing Mixed Touch Rugby for the first time (hilarious to watch) and salsa dancing (even more hilarious to watch).

Why me?

- I'm organised, focused and most of all enthusiastic.
- I can deal with numbers so will look after the finance and budgeting for clubs.
- I love getting involved and trying out new things and want to help others do the same.

What will I do?

- I want to enable clubs and societies at Catz to run smoothly by **COMMUNICATING CLEARLY** with captains, organisers and members alike.
- It would be great to encourage **NEW CLUBS AND SOCIETIES**, the more weird and wonderful the better. I would always be open to new suggestions and do everything possible to get them up and running, and I'd also try to **MAKE PEOPLE MORE AWARE** that they can start up whatever they feel is currently missing.
- I would try to create more of a **COMMUNITY FEEL** around Catz clubs and societies by encouraging an increased response to the pleas of captains/ heads of societies for **SUPPORT ON THE SIDELINES AND AUDIENCES** on the JCR facebook page. Even if not a part of that particular society or team, it would be great to get more people involved to cheer, support and share in **CATZ' TRIUMPHS**. I would do this by giving Catz notice further in advance of upcoming exciting events to get into their diary.
- More 'inter-club' mingling can only be a good thing. Think more Catz-on-Catz crewdates, more opportunities for collaboration between societies and for novices to try out something new.

**Our clubs and socs are a chance for us to show what Catz is really about and to display our passion, dedication and talent. I want to see this VIBRANT COLLEGE SCENE continue to thrive!
I'M KEEN ON CLUBS AT CATZ!**
