

Pierre for Treasurer

Hi Catz, I'm Pierre, a first-year PPEist who would love to help the JCR out as treasurer.

"As JCR treasurer, Pierre would make sure Catz students not only get good value for their money, but the best value for their money"

—Obama to Chuck Norris

As treasurer, I would:

- be personally accountable for the JCR's finances
- work tightly with other members of committee
- negotiate firmly with College on all issues such as room and food prices
- be absolutely transparent, reporting good news and bad news the same
- pursue sponsorship opportunities if the JCR expressed itself in favour of doing so

Why me?

- ✓ experience, I'm currently treasurer of the PPE Society, which means I'm used to dealing with all the bank paperwork and keeping a precise track of how money is spent
- ✓ team player
- ✓ reliable and efficient (voted "most serious delegate" at LIMUN 2013 by my committee)
- ✓ solid negotiator
- ✓ I love Catz (boring but true) and am committed to the JCR, as I have been to virtually all open meetings

Concrete aims:

- inquire about Clubs & Socs budget and claim the unused part for the JCR
- rethink pizza at JCR open meetings (our amazing welfare reps get us way better food value for money than Domino's)
- buy pool tables for the JCR rather than continue renting them (within two years we should have our money back). This would be done after consultation with the JCR and the college pool team, which is probably most apt to assess the quality of tables.
- make JCR money more manageable by changing bank to have internet banking (special thanks to Ben Thomas for that one)

Feel free to ask me anything at hustings!

Point of information: US President Barack Obama does not endorse this message. He also denies having ever met anyone who could be referred to as "Chuck Norris".
